Hi Rachel and Suzanne-

Let's try to talk today. Suzanne and I are available from noon-2 or 3-5pm, Rachel. Let me know what time works for you and I will send out a call-in #.

Thanks,

Michelle Mullin

Hello Suzanne – Is there a time today that would work for you to discuss this upcoming site visit? I'm at work until 6:00 tonight and have most of afternoon free.

Thanks!

Thanks, Rachel. I left you a voicemail, and I wanted to follow up with email, copying Suzanne Skadowski. Suzanne is facilitating our communication/outreach on this issue, and wants to be sure we are sharing information appropriately with all level of school officials as well as parents, within the bounds of an inspection.

It would be really great if you and Suzanne could touch base today, so that our efforts are well coordinated and we don't get in the way of your efforts. I will be in meetings much of the day, but would appreciate being kept in the loop.

Thank you so much!

Michelle Mullin

Hi Michelle,

I left a voicemail message for you and will now follow up via email.

Amanda Zych (Snohomish County) and I are planning on doing a joint inspection of the Sky Valley Educational Center in Monroe on Friday, March 11.

Our focus will be on the PCB spill and disposal areas. Devlin Piplic, a school administrator will meet us there to show us around.

We will be meeting there at 1:00.

Would you like to join us and will that date/time work for you?

Please let me know.

Thanks!

Rachel,

Can you please contact Michelle to coordinate on this Sky Valley ERTS response?

Thank you,

Daylin

Hello Daylin-

I wanted to check-in with you about the Monroe school. We are now planning an inspection of the school, and in our talks with the facility manager he mentioned that Ecology was coming out to inspect on the 11th. I want to try to coordinate our efforts as best as possible. Do you have time to talk about this tomorrow or Friday?

Thanks,

Michelle Mullin
